

ART KALAHÁRI PROJECT

Magic of moment and passion for freedom are essential parts of our music »sailing eastward«. These feelings are enhanced by the atmosphere of our performance, by the mood of our play, by handling unique musical instruments and also by the intoning sensitive female voice. Our music is not pure folk music, but contemporary world music based on elements of oriental folk music.

Members of the group has been appearing on prestigious festivals in Hungary from Sziget Festival up to the Marble Hall of Hungarian Radio.

Line up: **Vera Brátán** (voice) | **Péter Mezey** (flute) | **Szabolcs Lábos** (exotic string instruments) | **Kálmán Mády** (HANG drum, percussion, melodica).
